

LOGITECH ROOM SOLUTIONS POWERED BY INTEL

Logitech's Tap Room Solutions, powered by Intel, provide everything you need to easily deploy touch-enabled Google Meet, Microsoft Teams, or Zoom Rooms video conferencing in any size meeting room.

The Intel Nuc mini-PC comes pre-configured with your choice of Microsoft Teams or Zoom Rooms. Intel also powers room solutions in Microsoft certified PCs from Lenovo, HP and Dell. With calendar integration and always-on readiness these bundles include all the components you need. Designed as a simple touch-to-join meeting controller, Tap delivers reliable convenience in the meeting room enabling a frictionless user experience for joining video meetings.
