Logitech PTZ Pro Camera

FEATURES

Premium HD PTZ video camera for professional video collaboration

HD 1080p video quality at 30 frames per second

H.264 UVC 1.5 with Scalable Video Coding (SVC)

90° field of view with mechanical 260° pan and 130° tilt

10x lossless full HD zoom

USB plug-and-play

3 available camera presets

BENEFITS

Ideal for conference rooms of all sizes, training environments, large events and other professional video applications.

Delivers brilliantly sharp image resolution, outstanding color reproduction, and exceptional optical accuracy.

Advanced camera technology frees up bandwidth by processing video within the PTZ camera, resulting in a smoother video stream in applications like Skype for Business.

The generously wide field of view and silky-smooth pan and tilt controls enhance collaboration by making it easy to see everyone in the camera's field of view.

Zoom wide or zero in on close-ups to clearly view people, objects, whiteboard content, and other details.

With no special software, training, or maintenance required, launching an enterprise-quality video conference has never been easier.

Select up to three preset locations for the camera view and return to any of them with the push of a button on the remote control.
