# SMALL GROUP VIDEO CONFERENCING HAS ARRIVED — EVERYWHERE

## Logitech ConferenceCam BCC950

Today, 3 out of 4 video conferences are multi-person oriented.<sup>1</sup> And by 2015, 66 million users will be video-enabled.<sup>2</sup> Clearly small groups need a better option than huddling around PC webcams or begging for time on overbooked conference room systems.

The Logitech ConferenceCam combines HD video and superior audio in a simple, amazingly affordable package. So small groups can run their own video conferences anywhere in the office. Go ahead, set your meetings free.

### What makes the ConferenceCam Unique?

First ever all-in-one video and audio conferencing device designed with small groups in mind.

Professional HD video lets small groups be seen.

Superior audio lets small groups be heard.

Remote control and on-unit buttons help control the call from anywhere in the room.

# Logitech ConferenceCam BCC950

## WARRANTY

- 2-year limited hardware

Because almost all UC and web-conferencing applications are UVC compatible, Logitech video and audio products work across all applications without needing additional software drivers.

## FEATURE SPOTLIGHT

**All-in-one design combines HD video with high-quality audio clarity**  
Business-grade video conferencing.

**UVC H.264 onboard technology and compatible with both PCs and Macs**

Helps ensure plug-and-play functionality across many video conferencing platforms.

**The built-in, full duplex speakerphone and noise-cancelling microphone**  
Allows all meeting members to hear and be heard clearly up to 8 feet away from the base.

**High-quality webcam sensor and Logitech RightLight™ 2 technology**

Improves visual quality in low light and backlit situations.

**Omnidirectional mic pickup and echo cancellation audio**  
Makes it seem like conversations are happening in the same room.

**Autofocus**

Allow detailed documents or visuals to be shared close up during calls.

**Remote control and base button control options**  
Quickly control camera pan, tilt and zoom and volume up/down, mute and answer/hang-up functions during call.

**A 78-degree field of view and 180-degree video pan**

Makes the ConferenceCam ideal for small group meetings.

**1080p HD up to 30 fps**  
Business-quality video.

**Camera height extender**

Places camera focal point at eye-level for the most flattering video angles.

**Broad application compatibility**  
Optimized for Microsoft® Lync™ and Skype™ and works with most other popular UC platforms.
