ZONE WIRELESS HEADSETS

Logitech® Zone Wireless is Certified for Microsoft® Teams and designed for busy workspaces. Great for talking, awesome for music, and quick to launch Teams to chat, call or video conference. Take control of your acoustic environment with the wireless headset specifically designed to enhance focus and productivity in busy workspaces.

Logitech Zone Wireless and Zone Wireless Plus help you define your workplace soundscape and get stuff done. Certified for Microsoft Teams, Zone Wireless has a dedicated Teams button to launch or join a Teams meeting with a single touch. It is also equipped with a noise-canceling microphone, ensuring your voice is heard on the other end—not the noise around you.

Simultaneously pair up to two *Bluetooth*®-compatible devices and seamlessly switch between them. Additionally, Zone Wireless features simple call controls and active noise cancellation (ANC) as well as a flip-to-mute mic and Qi wireless charging¹.

Zone Wireless Plus gives you the ability to connect up to six Logitech Unifying wireless peripherals through a single USB Unifying + Audio receiver. Whether for collaboration, communication or concentration, Zone Wireless headsets are made for every work mode with consistent and reliable quality.
